

Name	Ward	Position	<b>Active Transportation</b> What are the two or three most important things you would like your municipal council to accomplish over the next four years to support active transportation? How can you help to make those things happen if you are (re)elected to office?	<b>Infrastructure</b> What active transportation infrastructure improvements would you like to see in your municipality (Mayoral candidates) or ward (Councillor candidates)?	<b>Accessibility</b> What should local governments do to improve pedestrian safety and accessibility for people with disabilities?	<b>Electric Mobility Options</b> Should e-bikes and/or e-scooters be allowed everywhere cycling is allowed, if users follow all established cycling speed limits? Should local governments take steps to encourage the purchase and usage of e-bikes and/or e-scooters?	<b>Commitment</b> If elected, will you work to produce meaningful improvement in active transportation options in your township?
Mary Lichy	3	Councillor	I believe that active transportation is important and will look at way to support as projects come forward	as opportunities come forward, being able to improvement our pathways are important. I will consider this with each project	People with disabilities most be given the same access as anyone else	This is something I will be consider going forward and do some more research	Have access to safe active transport is something I will consider with each upcoming project before council
